

**A State Certified W.B.E. Company**  
(Woman-owned Business Enterprise)

## **GREAT NEWS!!**

**International Label Mfg. LLC is now a state certified WBE company  
(Woman-owned Business Enterprise).**

*What does that mean to you?*

Well, for those of you who do business or want to do business with large corporations, they often have a supplier diversity program set up within their procurement department.

This helps to promote WBE, minority, small businesses and other types of disadvantaged companies to grow their business.

Also, if you are doing business with state and federal agencies, you are aware of the set-aside amounts that they have earmarked for such companies.

*We can help you grow in this area.*

For custom labels or commercial printing, International Label Mfg. LLC can help.

Keep us in mind on your next custom label opportunity whether it's a small, medium or long run, laser cut sheets, fan folded polyester or thermal transfer rolls.

*You name it - we make it. It's always custom to your specs.*

Our commercial printing division handles saddle-stitched booklets, letterheads, multi-part forms with wrap covers, brochures, special perfining and binding, the list is endless.
